Senators Hear From Shepperd

Riggs Shepperd, manager of the Medina Electric Cooperative at Hondo, was asked to tell the Texas State Senate's investigating committee what he knew about corruption in the Legislature Tuesday.

He was alleged to have said in a speech that "you can see so and so and get a bill introduced for \$500", and the committee asked him to tell them who might be involved.

His statement in full was as follows:

To the Honorable Investigating Committee of the Senate:

I have been subpoenaed as a witness in the investigation of misconduct of public officials. I have no knowledge of any misconduct of any public official. I see by the release in the press that the basis of this subpoena is a statement that I was reported to have made to the annual meeting of the members of Medina Electric Cooperative on July 13, 1957. I did not make the statement as quoted. I did not state "It gives you a funny, sinking, sick feeling in your stomach when you are told to see so-and-so and he will get your bill introduced for \$500.00." I did not consult or ask any Senator or Representative to sponsor or introduce, nor did I have anything to do with the introduction of any other bill in the regular session of this Legislature. In my report, which was not a prepared speech, I did refer to corruption in Texas politics and I did display the July 1957 copy of Look magazine which contained an article entitled "How Corrupt is Texas?" written by Mr. Dan C. Fowler. And I did say that "it gives me a funny, sinking, sick feeling in my stomach to see those articles about corruption in Texas and about how legislation can be killed by paying from \$500.00 to \$5,000.00." And I did state as was further quoted in the paper, "I hope that the people of the State of Texas will get sick enough of this sort of situation to become realistic" and I further said that "with higher pay that we should get the highest type of men to serve in our Legislature." I also said that "of the many people here in this audience that there are three or four lawyers and that I would like to ask them if they can afford to run for the Legislature with the present pay scale." The answer was in the negative. Then I urged them to use their votes and influence to pass the Constitutional amendment raising the salaries of the Representatives and Senators of the State of Texas. I also said that many of the legislators were not as pictured in the article in Look and that there were many fine men in the Legislature of the State of Texas.

To the best of my knowledge and belief, no person who sponsored or co-sponsored the amendment to the Electric Cooperative Corporation Act received any money or remuneration or other improper inducement from any source whatsoever.

Hondo Lays Out Welcome Mat To Former School Teachers

to Meyer Elementary school, but no newcomer to many of the teachers, is M. L. McDowell, principal this year.

born in Waco, McDowell attended public school in Gatesville, Ark. He attended Decatur College, graduated from there with a B. A. Degree and did graduate work at the University of Texas.

After teaching mathematics and science one year in Chico and Decatur, he came to Hondo as a high school principal. Six years later he became high school principal and he resigned to go to the Air Corps as a navigator in 1942 when he was holding the position of principal. His three years in service were spent right in Hondo.

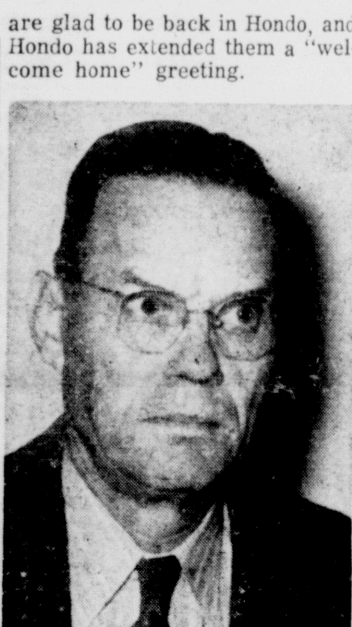

After being discharged, McDowell moved to Smithville where he was manager of a dry goods and department store until he was ordered to return to the teaching field in Hondo this fall. During part of his Smithville stay, he was acting postmaster and was principal of an elementary school in Grange.

In 1935, he married Miss Della Adair of Smithville, who has been teaching the second grade in Hondo for five years. They have two daughters, Mary and Carolyn, 18, both of whom are students at Our Lady of the Lake college.

McDowell is again teaching in Hondo, this time promoted to grades to the fourth grade. She is also attending Saturday class at Our Lady of the Lake college.

Principal McDowell busies himself at Meyer School most of the day but works two high school classes into his schedule on Friday, Oct. 31.

McDowell's both say they are glad to be back in Hondo, and Hondo has extended them a "welcome home" greeting.

Services Held For Anton Grell

Funeral services were held Thursday, Oct. 17, 1957, for Anton Grell, 53, who died October 16 after a long illness.

He was the son of Mr. and Mrs. Charles W. Grell of Quihi, and is survived by his wife, his father, four brothers and two sisters. The brothers are Arthur, Walter, Edwin and Oscar. His sisters are Mrs. John G. Bohlen, and Mrs. A. C. Reus.

His mother died in 1944. He was married to Miss Anita Wunderlich of Fredericksburg, and they had no children. He was a member of the St. Paul's Lutheran Church, and the services were conducted by Rev. Clarence Oestreich of San Antonio at Horger's chapel. Burial was in the Hondo cemetery.

He was an employee of Alamo Lumber Company for 10 years. Honorary pall bearers were his associates there, Henry Flory, Clyde Johnson, Hubert Hermes, B. G. Wiemers, Mrs. Ruth Grollmund, Mrs. Ruby Speece and R. R. Corder.

Active pall bearers were Raymond Beyer, William Reus, Wilbur Grell, Milton Grell, James Honig and Kenneth Grell.

HAB Officer Considerate Of Coon

Ed Gammons, a student officer at Hondo Air Base, has been assisting Ralph Jones with some Boy Scout work and Saturday he found himself playing nursemaid to a raccoon.

A patrol of local Troop 219 changed its name to Raccoon patrol after Kenny Farnsworth, a member of the group, found the animal and made it his pet. Naturally the boys wanted to take their mascot along to the Scout-Lam in Pearsall Saturday, so Lt. Gammons wound up holding it while the boys participated in various events.

Eventually he decided wrapping the animal about his neck was an easy way to carry it. That worked just fine until Gammons found out, the hard way, that the little creature is not housebroken.

Anybody want to buy a jacket, cheap? If not, Gammons may have to wind up burying one.

TEACHERS TO MEET

The Medina County Unit of Texas State Teachers Association will meet in Devine, Monday, Oct. 28 at 7:30 p.m. in Devine High School.

This will be a re-organizational meeting since the Unit has been inactive for the past two years. All teachers and administrators of Medina County are eligible to attend.

R. F. Loyd, Assistant Director of Research for TSTA, will present the program which will include a discussion of HCR 105 and the work of the recently appointed Committee of 24, whose responsibilities include a reappraisal of education in Texas today.

Phil C. Jagge Is Selected As Outstanding Wildlife Rancher

Phil C. Jagge has recently been selected as the outstanding wildlife rancher in the Medina Valley Soil Conservation District. The supervisors of the district made the selection after giving close consideration to all ranches carrying on wildlife work. The Devine Chamber of Commerce presented the award to Jagge on October 22 at Devine. The Hondo and Devine Chamber of Commerce alternate in giving the award to the outstanding Conservation and wildlife rancher each year in the district.

The P. C. Jagge ranch is located 20 miles north of Hondo, on the Hondo and Tarpley road. It is composed of 2100 acres of beautiful hill country, an area known for its good ranches and as a haven for wildlife. Even with the past droughty years, the Jagge ranch hardly looks as though it had gone through dry weather.

Jagge was one of the first men in Medina County to ask the state wildlife department in Austin for help in this county in protecting wildlife. He has worked hard in promoting wildlife development on his ranch and throughout the entire county. He has attended wildlife meetings over the state and county in hopes of bettering himself and his friends in the field and he was one of the first men in the county to work laws to protect wildlife in the state of Texas. It was the desire to keep nature's great gift, and the amount of revenue wildlife would contribute to Medina County, that

P. C. JAGGE stands in a pasture which has been deferred for a 9 month period, and excellent recovery has been the result. Large amounts of

blue-stems, green sprangletop, buffels, curly mesquite, vine mesquite and sideoats grama can be found.

--Photo by E. L. Abbott

caused Jagge to work so hard in the wildlife field, according to county soil conservation men. He has observed the habits of wildlife and has modeled his ranch to fit their desires. One of

the most important things in wildlife care is to have a good cover of grass and another is plenty of water. Both of these have top priority on the Jagge ranch. Some feeding of wildlife is done

on the ranch during the winter months, but it is the belief of the rancher, that a nature's feed is much better for wildlife than feed from a sack. Both deer and turkey will do much better when

there is an abundance of grass on the ranch, Jagge believes.

Although there is a good cover over the entire ranch, one area of about 20 acres is fenced off from the other pastures. The rancher pointed out, that this was a wildlife refuge where nothing but wildlife could enter. He stated that turkey could not nest properly without good cover and seclusion from livestock. Wild turkeys are in abundance there.

The Jagge ranch has 15 hunters every year, plus the family on the ranch. Each hunter could easily get his limit both in deer and turkey each year if he desired to do so. Most hunters on the ranch have been leasing for a number of years. One hunter mentioned, has been coming to the ranch for 17 years.

The abundance of wildlife and the condition of the Jagge ranch can be attributed to one thing, range management, according to soil conservation men. The range policy of take half and leave half has been in practice on this ranch for 35 years. Stocking has always been according to the condition of the range. Today there are 50 head of cattle on 2100 acres. As seasons and conditions change so do the number of head on the ranch.

These qualifications made Phil C. Jagge the outstanding wildlife conservationist.

Halloween Hi-Jinks, Carnival Scheduled For Wednesday, 30

The annual Halloween Carnival sponsored by the Hondo Elementary School Parent Teacher Association will get underway Wednesday evening, Oct. 30, with a costume parade of children.

Children will assemble at Memorial Plaza and the parade will begin promptly at 5:00 p.m., moving up Avenue M to the area in front of the courthouse where the carnival will be held. School

children will march with their school classmates and pre-schoolers in costume may walk along with them but are not eligible for the costume judging contest.

As in previous years, there will be a first, second and third place winner among youngsters of the first three grades and also a first, second and third place winner among the costumed youngsters from the fourth through eighth

grades. Following announcement of the winners, a coronation of the Halloween Carnival queen will be held.

Candidates for the carnival queen are Maria Cantu, representing the 6th grade, Sally Modest of the 7th and Ramona Andrews from the 8th grade. Glass containers have been placed in various stores about town for each of the candidates and the contents will be picked up at noon on the day of the carnival. At a penny per vote, the winner will be chosen. Her identity will remain a secret until announcement at the carnival. She will be crowned, on an improvised platform, by School Principal R. W. Nations. Bill Fly will emcee both the costume contest and the crowning of the queen.

Immediately following these activities, booths will be open on the carnival grounds. Customers may buy all kinds of food — Mexican food, barbecue sandwiches as well as other kinds, cake, pie, cookies, candy, snow cones, etc. Booths will include the traditional fish pond and house of horrors, there will be pony rides and hay rides, a balloon man and a pocket lady.

In charge of the carnival this year is Mrs. Walter Rohde, PTA vice-president. She extends an invitation for all to attend, have fun, and support the efforts of the Parent Teachers Association. This is the only fund-raising event the organization sponsors during the year.

Burglars Stage Repeat At Castrovilla School

In addition to checking on some minor offenses, the sheriff's department investigated a burglary and a beating during the past week, according to Sheriff Charles Hitzfelder.

In Santa Rosa Hospital, and reported in fair condition as of Wednesday morning, is Leo Rogers of Devine, the result of a beating he received Saturday afternoon.

Charged with aggravated assault in the case is Thomas Roche of Bigfoot. Rogers and Roche were in Pauline's Tavern on Highway 81, Devine, and Roche allegedly beat up Rogers with a baseball bat he was carrying in his vehicle, then used a beer bottle to finish up the job, according to the sheriff's department.

Rogers was given first aid by a doctor in Devine and then was rushed into San Antonio where it took doctors about three hours and dozens of stitches to repair the damages.

The Liquor Control Board ordered the sheriff's department to close Pauline's Tavern on a summary suspension, and the board is investigating a charge of breach of peace occurring on the premises of a beer licensed place. Roche is out on bond awaiting a hearing.

Castrovilla Burglary
Burglars did a repeat performance in Castrovilla at the high school this week, repeating their actions of Sept. 21 when they burglarized the superintendent's office.

Supt. Alfred Bell notified the sheriff's department of the illegal entry into the building.

Sheriff Charles Hitzfelder says that they entered either through the east door of the school or through a window in the library. They pried open the locked door of the principal's office, took keys from the key rack and proceeded to the superintendent's office.

Here they pried open a filing cabinet and safe combination, taking approximately \$115 from it. They also found about \$28 more at other places about the office.

The Sheriff's office has leads on the case and is investigating.

The Sabinal School has had similar burglaries in the past few days, Hitzfelder said.

B&PW Planning Annual Drive

The Hondo Business and Professional Women's Club met Monday night, Oct. 14, at the B&PW Hall and discussed plans for their annual Christmas Stocking Fund drive.

The following were appointed to act on this committee: Mary Ruth Cameron, Chairman; Elsie Stanga, Marguerite Murrill, Olga Jennings and Katherine Vincent. Plans were also made for another chicken barbecue sale at the Fire House, Nov. 16th. Dec. 9th is the date set for their annual Christmas Dinner party.

At the conclusion of the meeting Anne Davis, presented a very interesting program on the subject of jurors.

Senator To Speak At Irrigation Meet

Senator Ralph Yarborough will be the principal speaker when the Medina Electric Cooperative, headquartered in Hondo, and the Grande Electric Cooperative unite their efforts on an irrigation, farm and home management exposition. The National Army and Air Corps will be setting for the meeting on Friday, Oct. 31.

The subject of irrigation will be covered in lectures, demonstrations, and exhibits throughout the day. Ladies may view the latest in appliances and electrical items for farm and home.

A free barbecue is scheduled for 5:30 and prizes will be given to several lucky people attending. Registration begins early that morning and the meeting will last all day. Senator Yarborough will speak at 7:30 p.m.

See Anyone You Know?

SNAGGLE-TOOTHED and roughish of mien, the gay group below is the vanguard of millions of Jack-O'-Lanterns soon to gleam from the windows of America as citizens again take knife in hand in the annual move to carve these symbols of Halloween.

HALLOWEEN'S MYSTERY is reflected in this youngster's eyes as she wonderingly contemplates arrival of "the witching time."

THE OMINOUS threat, "Trick or Treat," again will echo across the land as adults pay nervous tribute to stave off disaster.

Parents Must Make Halloween Fun Day Instead Of Pest Day

Originators of the observance of All Saints Day probably never realized how the eve would be marked in the 20th Century.

Originally a religious day, preceding the day when people honor the dead by taking flowers to cemeteries, it has now developed into a hilarious celebration for youngsters—Hallowe'en.

Some 20 years ago and on back into earlier decades, pranks were in their hey-day and hardly an outdoor privy around was standing upright on the morning after.

Then about 10 years ago, somebody started this "trick or treat" business.

For grammar school-aged children, who follow the rules, the game is both fun for kids and harmless for adults on whom they call. But there is a limit to all good things and probably here the parents of children involved are more responsible for the overdoing than are the youngsters themselves.

There is the case, for instance, of the parents who allow their youngsters to make the rounds not just once, on Hallowe'en night, but also for several nights in advance. This practice is neither fair to adults nor to the children, as it approaches the "pest" stage.

Or another is the child who has not been taught fair play. And here we mean the one who will knock, say "trick or treat" and then proceed to mark all over the window screens while the householder has gone to another room to get them a "treat". Parents should point out to their youngsters that they are not playing fair when they indulge in such actions.

And certainly high school youngsters are too old to go around with shopping bags asking for treats. Coming from a tiny little spook, who frequently does not realize the meaning of the words, the trick or treat line may be cute. Coming from a soon-to-be adult, it sounds ridiculous and if the speakers do not realize it, their parents should tell them so.

Hallowe'en can be a happy event for the children and a painless one for parents if all concerned follow the rules, but it is the parents' place to teach the youngsters right from wrong and tricks from destruction.

Shrine Circus This Weekend

The Shrine Circus, sponsored annually by Alzar Temple of San Antonio, will continue its performances twice daily through Sunday, Oct. 27.

Featuring many new acts this year, the circus is presented in Municipal Auditorium at 3:30 and 8:15 daily, at 2:15 and 8:15 on Saturday and on the final day, Sunday, at 1:00 and 5:00 p.m.

Natalia PTA Attracts 86

The Natalia P. T. A. held its regular meeting Monday night Oct. 14th in the school cafeteria with 86 members present.

Room prizes went to Ernest Greene's 6th grade in the elementary school and to the freshman class in high school. Mrs. P. Holt, Mrs. Ed. Borel and Mrs. Floyd Cole gave reports on the youth development work shop which was presented by 5th district in San Antonio on Oct. 2.

Supt. Cecil Willis gave an informative report on the activities of the school, the school curriculum and the future building program. All recommendations presented by the P. T. A. executive council were accepted by the assembly. Final plans for the Fall Festival were announced. This festival will be on Oct. 25th on the Natalia school grounds from 6 p.m. to 11 p.m. Refreshments were served by the 8th grade.

PERSONAL APPEARANCE

BY JERRY JUNE BERGER

Up at Southern Methodist University in Dallas, freshman student PARKER (BUTCH) MEYER, son of DR. and MRS. WALTER MEYER, has fallen heir to a new nickname — "HONDO".

He has pledged Sigma Alpha Epsilon fraternity and thinks college life is quite the thing. Dallas being the distance it is, he is not expected home for a weekend until Thanksgiving, according to his mother.

HEDWIG and L. E. KOLLMAN drove over to Houston to visit son JOHN WINDROW over the weekend and arrived in time to see the freshman game between Rice and T.C.U.

JOHN, incidentally, had his picture in the Houston Chronicle Friday. It showed him in a picture with five other freshman footballers in a boast about the upcoming crop of beef at Rice. He is listed, as were the other five, as a 200 pounder.

Home for the weekend from college for the first time were DELORES SHELTON, of Baylor at Waco, and DIANE POPE, of Southwestern at Georgetown. Both arrived Friday night.

Down at A&I, J. D. NESTER, D'Hanis, is making a name for himself at the Kingsville College as a punter. In a game with Del Mar, Nester punted five times for an average of 45.6. He had punts of 43, 42, 40, 36 and 67 yards. On the last one, the ball was centered from the A&I 23, his kick went 67 yards and the Del Mar safety man took it running backwards and was finally tackled on the Viking 6.

And over in St. Mary's of San Antonio, ROTC cadet, SYLVAN J. MANGOLD of La Cote, has been designated as distinguished military student.

So much, this week, for the college crowd.

Did you ever hear of a pocket lady? Well we hadn't either until we asked about it. There is to be one at the Halloween Carnival sponsored by the Hondo Elementary PTA and on inquiring we learned that ALEECE (MRS. KEN) CLAPHAM will be wandering around with a long dress on which are sewed numerous pockets. She'll also be wearing a sign which reads "Pick my pockets for 10 cents", so here is a chance to do some pocket picking legally — and help the PTA all at the same time.

It is now Sergeant GORDON MECHLER. The son of Mr. and Mrs. M. L. MECHLER, he recently received a promotion from Corporal at his Santa Ana, Calif., Marine base.

The MECHLERS daughter, incidentally, PEGGY, has finished one phase of training in St. Paul's Hospital in New Orleans, La. and is continuing training in that city in Charity Hospital for three months. After that time she is to return to Austin for the completion of her nursing course.

MARY A. N. HEILIGMAN surprised her parents, Mr. and Mrs. ANTON HEILIGMAN, by dropping in on them for a weekend visit. An airline employee, she happened to be on a flight from Kansas City to Austin and had a few days to stay in Dunlay.

SECO PHILOSOPHER WONDERS

Weather Conquering Space Is As Hard As Conquering His Own Farm

Editor's note: The Seco Philosopher is still thinking about the satellite, his letter this week reveals. He'll get used to it eventually.

Dear editor:

I was out here on my farm yesterday afternoon speculating on the Russian satellite. I don't know of a thing I could conclude on the thing that'd be worth anything to me or the rest of the world, but speculating is easier than farming, and the thing that interests me is not what conclusions I've come to, but what opinions a lot of other people have come to.

According to the reports I've been reading, everybody is saying the Russians are ahead of us and thus have a great psychological advantage, it's a great propaganda weapon for

the Russians, and our reputation has a top-notch scientific nation has been tarnished.

Well, now, I'll tell you, trying to out-manuever the Russians with propaganda, on earth or in space, is about like trying to control the weeds in your garden with psychology. I'd be in favor of doing it if I could, nothing would suit me more than to scare my weeds to death or frighten them into pulling themselves up by the roots and moving on or to fall down where they are in complete surrender, but it won't work, at least not with the type of weeds I've got out here. These aren't any first-generation weeds, they've been reproducing themselves out here for generations

and can't be propagandized into giving up.

I'm perfectly willing to admit the Russians were first with a satellite into outer space, but I suspect we'll have one up before too long, certainly before the next election, probably with a 1958 model instead of a 1957, with longer tail fins, and everybody knows the later the model the better, although this doesn't apply to some things, say to water pipes for example — fortunately man is just as happy with a 1929 model water pipe as he is with a 1957 if it produces running water, and it's all we can do now to change models in cars and clothes without pulling out our plumb line ever year — and after we get one up, or a dozen up, life

here on this farm isn't going to be very much different.

I don't care how far out into space man explores, he's still going to have to operate from within the same style body he's been using for thousands of years, and a hundred satellites circling the globe ain't going to change the fact a man still needs three good meals a day and somebody is still going to have to go up one row and down another to provide them.

Maybe man will be able to conquer space some day but somebody is gonna have to stay behind and keep on conquering this land, although I'll admit there are times, when I look at this place, when I believe I'd just as soon tackle space.

Yours faithfully,
J.A.

LOCAL LODGE RECEIVES INTERESTING RELIC

By Fletcher Davis

In a recent issue of Sun and Soil, the monthly supplement to the Hondo Anvil Herald, there appeared a picture of an aged and weathered tombstone.

The stone is standing in what is known as the Masonic Grave Yard", a long-since abandoned burial plot on what is now the Willie Poehler farm and is on a considerable rise of ground to the right of the road after crossing the Hondo Creek going north by the farm, some two miles directly northeast of Hondo.

When erected there was an active Masonic Lodge, No. 252, holding its meetings in a small building constructed of native stone nearby.

The stone was erected to the memory of R. C. Smith, who had served the Lodge as its Junior Warden from 1854 until his death at the hands of marauding Indians in 1864.

Realizing the historic value of his photograph of this crumbling stone, W. E. Berger offered it to the local lodge of Masons.

George Dawson framed and mounted the gift for the Lodge and at its regular meeting on Monday, October 14, the Lodge accepted the relic with thanks to Messrs. Berger and Dawson.

It will remain a cherished relic in the lodge-room for years to come.

There was never any relationship between Lodge No. 252 and the present No. 756, the former having dismissed (or removed) some years before the latter was chartered.

OUTDOORS IN TEXAS

Usually, the weather is great. But if you are a Texan, you may be thinking it over, because the duck season opens November 1 and extends to November 30.

Rains this year have broken through along the Gulf Coast, giving plenty of surface water for ducks. Conditions in the areas of the upper coast are the best in 10 years.

There will be an excellent crop of native waterfowl food as duck millet, smartweeds, and pondweeds.

Along the lower coast, the duck prospects are also very good. Heavy rain caused habitat conditions to improve rapidly.

Add to all this the fact that the breeding season in the North is a successful one, and you have every indication of good duck hunting in Texas during the coming season.

Many varieties of ducks come to Texas with the cool winds of fall. Of the various kinds, the mallard is the most common. Its flesh has a mild flavor. Hunting duck shaves a strong taste.

Established 1891

Biggest of the ducks available to Texans is the American Merganser, which may go to four pounds. Smallest is the green-winged teal, averaging three-quarters of a pound.

A duck hunter must know his birds — bag limits vary with the species.

How To Do It

What's the secret of duck hunting — or any wing shooting? Well, it takes a steady hand, a clear eye, and good coordination, of course, but it also takes a gun that fits the shooter.

With time and money, you can do business with gun specialists who will fit the gun to your particular needs.

You'll get all kinds of tests, including some in the field. At the end of a year or so you'll have your gun, which will fit you like an old shoe. It will cost you about two thousand dollars.

Most of us don't have that kind of moola. But we can take our time in selecting a weapon, try it out, borrow a gun from a friend, talk about it, and be sure, before we purchase, that the gun fits.

Then we can go duck hunting, and if all the factors are right we can get birds.

Practice Helps

It goes without saying that practice is one of the elements of accurate wing shooting. Some rounds of skeet, before the season opens, should serve to sharpen the eye.

Another item is distance. A beginner is likely to blast away at ducks from afar, but a more experienced shooter will wait until they come closer.

At 12 yards, a duck looks bigger than a turkey. At 20 yards he shrinks to chicken size. At 30 yards, he's more like a pigeon, and at 40 yards, he's down to dove dimensions. Off there at 50 yards he's an English sparrow, and at 60 yards, he's a hummingbird.

Too Many Deer

Game management officials are in some disagreement about reducing the deer population in some areas.

In Kerr County, for example, game commission biologists found that the land is overstocked and overgrazed. They recommended that hunters be permitted to kill doe as well as buck deer this season.

Kerr County commissioners re-

jected this proposal, and the state commission held with the Kerr County group, so there will be no legal doe shooting in the county this year.

There is a strong likelihood, say the biologists, that many Kerr County deer will die of starvation this winter.

There is a different situation in the Engeling area of Anderson County where, on a block of land owned by the state commission, permits will be issued to kill 100 deer of either sex.

An excess of doe was discovered in the area.

Gal Wardens?

Maybe Texas is going to have female game wardens. The notion has been put forward by Sportsmen's Clubs of Texas.

Pickering in Texas? Did you know you can catch chain pickerel in Texas? You can. That would be at Caddo Lake, where this relative of the northern pike and the majestic muskellunge abounds.

The pickerel lives in quiet, weedy waters and grows to 26 inches or so, and four pounds. A hungry citizen of Caddo's cypress swamps, the pickerel will strike practically anything that moves. He especially likes flashy underwater lures and noisy topwater baits.

A mystery is where the pickerel goes in midsummer, but a good guess is that he seeks a deep, cool place and remains practically dormant. But in the Fall he perks up, and by November he is really ready for something to eat.

The pickerel, by the way, is a eating fish. Skin him, remove bones, cut into narrow strips, dip in batter, and fry until well done.

Skier-Fishermen

After trouble between fishermen and water skiers on a California Lake, the U. S. Forest Service has set up some restrictions. Anglers and skiers have agreed to these regulations: Fishermen have the lake all to themselves on Saturdays, with no skiers allowed. Skiing is permitted from 10 a. m. to 4 p. m. other days, within boundaries marked by buoys.

Well, nobody wants to be regulated, but regulation will come to our Texas lakes if the fishermen and skiers can't get along with each other. They can because all it takes is courtesy, thoughtfulness and considerations of the other fellow.

St. Louis PTC Hears Authority On Juveniles

A large crowd was present for the monthly meeting of the St. Louis P. T. C. on Oct. 16 in the Parish Hall. Capt. Matheny of the juvenile division of the San Antonio police department gave an educational talk and demonstration with a warning on juvenile delinquency.

During the business meeting final plans were made for the Mexican supper on Oct. 27. It was decided the supper should begin at 5 p. m. due to a bingo party at 9 p. m. sponsored by the athletic department. Each family was asked to bring home-made candy for the candy booth.

A paper drive was planned for Oct. 22, the chairman asking that the paper be brought to the school in the morning.

Two new members were welcomed into the club. Honored parents of the month are Mr. and Mrs. Maurice Rihn.

Next meeting will be held on Nov. 20.

FFA Range, Soil Judging Contest In Brackettville

The Revaldina FFA District Range and Soil Judging Contest was held in Brackettville, Oct. 19 with ten of the 14 Chapters entered in one or both events. Soil Conservation Service men trained the boys on use of score cards and their relation to cattle or crop production and range teams were carried to a deferred pasture where the varieties of grasses were discussed and compared as to their grazing value. Four plots of pasture were marked off and the boys were taught what facts to look for in determining usefulness for grazing or producing fat.

The soils judging team was carried to a deep black clay soil that is being irrigated to produce grazing grasses and hay for feeding cattle. Here the boys studied the relation of soil texture, slope of land and the ability of that soil to take in soil water and give it up for plant growth. The score card is divided into two parts, the first describing the condition of the soil and the second for giving recommended practices of conservation. There were 10 teams entered in the range judging contest and eight teams entered in the soil judging event. Uvalde FFA Chapter placed first in both events. Hondo teams placed fourth in soils and 6th in range judging. The soils team members were Howard Saathoff, Gary Balzen, and Donald Muenink. The range team was composed of George Brucks, Cliff Sadler, J. H. Stiegler, and Larry Hermes, Alternate. As is the case in most contests, our alternate Larry Hermes made next to the highest score in the boys from Hondo. George Brucks scored 202 and Hermes scored 200 points.

ORDER SHIRTS

Eleven Hondo FFA Boys have ordered official FFA shirts. Each year boys order FFA Jackets, but this year some Vocation Agriculture II boys decided they wanted FFA shirts to wear in contests and for other FFA activities.

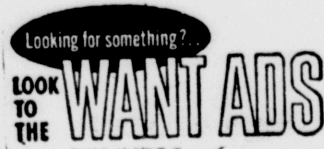

St. Louis FHA

Making Plans

The St. Louis F. H. A. held their regular meeting Tuesday Oct. 15. The St. Louis Chapter representative at the district meeting gave reports to the assembly. Definite plans were made for the outdoor ceremony for United Nations Day Oct. 24.

The Ways and Means committee made suggestions for fund raising. The chairman of Degree Goals committee reminded the members to work on their goals.

F. H. A. members are planning an evening for their parents in November.

Outstanding 4-H Club Record Made By County Youths

Ann Skarda, 14, daughter of Lt. Col. and Mrs. H. J. Skarda of Mico, was awarded the Gold Star for her leadership, her fine attitude, her records and various demonstrations in 4-H club work.

Dr. John Hutchison, director of the Extension Service presented the Gold Star pins to the winners at the banquet given by the CPL at the Corpus Christi country club Saturday night. Attending from Medina County were Ann; George Gooding, boy winner; Mrs. Francis Echtle, adult leader of Our Lady of Grace; Mr. Rudolf Bippert, 4-H adult leader of the La

Coste 4-H club and Mr. and Mrs. C. W. Strayhorn. Ann has completed five years of 4-H club work. She served as treasurer, secretary and president of the Castroville 4-H club and as a council delegate for her club. Ann attended recreation training school, served on Achievement Day, exhibit at stock shows, and county dress revue committees. She has never missed an achievement day or county wide rally day held in the county. She has helped plan and give assembly, PTA, and home demonstration club programs given by 4-H members.

Ann keeps records and has turned them in each year. She entered records in county and district food preparation contests for the last two years in the Junior division. She entered the county recreation contests and because of her age could only serve as an assistant to the winners in the district contest this year.

Ann's records show she has entered school and dress revues five years; she raised three pigs and exhibited them in 1955 and 1956 livestock shows; she reared

RECENTLY MARRIED in Castroville were Mr. and Mrs. Dennis Lyssy. The bride is the former Margaret Ann Karm, daughter of Mr. and Mrs. Albert E. Karm, Castroville, and the groom is the son of Mrs. Mary Lyssy and the late Stephen Lyssy, San Antonio. The rites were read in St. Louis Catholic Church, Oct. 5.

Open House Fetes Couple On Golden Anniversary

YANCEY — Mr. and Mrs. Clarence Hill and family of Freer.

Mr. and Mrs. Dick Wimers and family of Charlotte and Mr. and Mrs. Edwin Bohmfalk and girls held open house at the Yancey parents Mr. and Mrs. John Bohmfalk on their Golden Wedding Anniversary, Sunday afternoon.

The room was decorated with fall flowers. The serving table had a center piece of fall flowers and the wedding cake was white with a miniature bride and groom. Punch and coffee was served during the afternoon.

All of his brothers and sisters were able to be there and all of hers, except Mr. Henry Faseler and a host of relatives and friends from Yancey, New Fountain Hondo and San Antonio. The group sang songs and the Rev. Rucker sang "Silver Threads Among the Gold".

Those from San Antonio attending were John Oefinger and Mrs. C. J. Oefinger, Mrs. Fritz Oefinger and family, Mr. and Mrs. W. N. Saathoff and family and Mr. and Mrs. Harry Meadows and family.

George Gooding, aged 16, son of Mr. and Mrs. Glenn Gooding of Hondo, has been selected as the 4-H Gold Star Award winner among the boys in Medina County for 1957. He has been in 4-H Club work for six years.

George has carried demonstrations in swine, beef cattle, turkeys, field crops, tractor maintenance, and soil conservation. In 1952 he was awarded a registered Hampshire gilt under the Sears Foundation swine program and was very successful with his hog raising. In 1953 he fed out a calf for the Medina County Junior Fat Stock Show. The same year he bought 100 turkeys as a project and raised them and sold the dressed birds which was very

profitable. He has worked on the tractor maintenance program for three years and represented Medina County on the soil judging team in 1955.

The Gold Star winner has served as president of the Hondo Club, council delegate on the county 4-H Council, and has been elected as delegate to the district 4-H Council. He has attended a large number of meetings and has been of help in all. He attended the District Encampment at M-O Ranch and was county delegate to the state 4-H Round-Up at A. & M. College in 1957.

Bond Sale Lagging In County

Sales of E and H Savings Bonds in Texas for September were \$14,626,577 and were \$9,878 in Medina County. This represents an increase over August sales of more than one million dollars for the state sales.

Sales in Medina County amounted to \$94,791 for the nine month period, which was 42.6 per cent of the 1957 goal, according to Frank X. Vance, chairman.

"I am sure that if every citizen of Medina County will buy an extra Savings Bond during 1957 our county will reach its goal. There is no safer investment than U. S. Savings Bonds, since both the principal and interest are fully guaranteed by our Government," Chairman Vance concluded.

Attend Road Opening

County Judge Arthur Rothe and County Commissioners Charles Sweett, Hilmer Mangold and Charles Langfeld attended the ribbon cutting ceremony opening a new highway south of Hondo last Wednesday. It was at the junction of road from Sabinal and Uvalde to Pearsall with the road from Batesville to San Antonio.

MacMANUS TO HANDLE H. A. B. BOWLING ALLEY

The recently completed Bowling Alley at Hondo Air-Base is to be managed by J. S. MacManus, who has had similar experience in San Antonio.

Six alleys will be ready for operation in the very near future and it is anticipated that the formation of leagues and league play will begin in the first week of January. Until that time open bowling will take place.

MacManus indicated that reservations will be accepted for evening bowling for the first two months of operation.

The alleys are to be open to all Hondo residents, TAI personnel, and military personnel.

MacManus is looking forward to a great deal of competition after the leagues are established.

Safety Association Advises Parents On Halloween Garb

Now that the haunting season is here again, little make-believe ghosts and witches are advised to see and be seen on Halloween.
J. O. Musick, General Manager of the Texas Safety Association, asked parents to help back the attack on traffic accidents by following a few simple rules to protect their own little spooks.
"We want our youngsters to be a treat and not a trick to drivers," Musick said. "In the first place, they must see, and see well."
Musick also stressed the importance of being seen. He appealed to parents to see to it that the youngsters wear costumes made of light-colored or reflectorized material. These precautions aid drivers in seeing the trick-or-treaters, should they dart into the street.

"Actually, the best Halloween traffic accident prevention is to keep children off the street at night," Musick said. "Of course, this is not an easy thing to do. But parents can get together and arrange indoor parties at community centers or in their homes. Those parties will keep our make-believe spooks from taking the chance of becoming honest-to-goodness ghosts."

New 1958 Rambler

The front of the 1958 Rambler features hooded and horizontally set dual headlights and a massive die-cast grille. The restyled hood flows smoothly into the crisp front fenders. The large amount of window glass provides drivers and passengers with excellent visibility. The new models will be placed on sale at Rambler, Nash and Hudson showrooms on October 22.

Outlook Shows Demand For Farm, Ranch Produce

Domestic demand for agricultural products will probably be good in 1958, because consumer income should remain at a high level, and general economic activity should continue strong. However, there are signs of weakening.

At present time, it appears that exports in this fiscal year, July 1, 1957, to July 1, 1958, may not be as high as they were last year, according to John G. McHaney, Texas A&M extension economist. Agricultural exports in the fiscal year 1956-57 were about 35 percent greater than the preceding, due primarily to government export programs. The main trouble with agriculture, says the economist, is that our production is over-expanded in terms of available markets.

Cattle prices in 1957 are better than in 1956 because of higher incomes, a larger number of people, a smaller slaughter and improved range conditions which have created a good demand for range cattle. Cattle prices in 1958 will probably be somewhat higher than in 1957 because employment and incomes should be high and the number slaughtered should be a little less than in 1957, points out McHaney.

D'Hanis Students Now Occupy New Classrooms

D'HANIS — Classes at the D'Hanis Public School met in their new rooms for the first time Monday morning. Children of grades one through five are now housed in the new east wing of the main building, while the commercial, the history, and the English classes moved into the west wing which includes one new classroom.

Pupils were conducted on a tour of the new rooms during the first period Monday, and patrons of the school will soon have the opportunity of doing the same. Plans for a homecoming at the D'Hanis schools on Nov. 1 have been announced by Superintendent Stewart. The occasion will coincide with the last home football game of this season and will include the crowning of this year's football queen.

St. Louis Comets Lose, 13-6

By Gerald Kempf

CASTROVILLE: The St. Louis Comets' hopes for an undefeated season went down the drain Saturday night, as they bowed to a strong St. Gerard's Royal Blue eleven 13-6 in an Academic League contest.

The Comets now hold a 4-1 season record and a 1-1 league record. The Royal Blues have not tasted defeat in 5 games and own a 1-0-1 league record.

The close score is misleading as it was St. Gerard's all the way. The Royal Blues ripped the Comet line to shreds and led the Comets in almost every department except passing. The Blue's speedy backfield ate up 288 yards rushing, good for 15 first downs, while the Comet ball carriers were held to a scant 26 yards rushing and 4 first downs by the hard-charging Royal Blue line. The St. Louis lads picked up 75

yards through the airlines while St. Gerard's did not complete a pass all night.

The Comets never managed a deep penetration except the one score they chalked up. St. Gerard's displayed tremendous ball control, as they hogged the pigskin for a total of 81 plays, giving it up to the Comets for only 43 plays throughout the contest.

After a scoreless first period, during which St. Gerard's controlled the ball, the Royal Blues got down to business. Halfback Dickie Simon climaxed a short 36 yard drive as he circled left end from 8 yards out for the score. A pass play for the extra point failed and the Blues led 6-0 at half-time.

Unable to move the ball on the ground against the hard-rushing Royal Blue line, the Comets took to the air in the closing minutes of the third period. Tailback Royce Groff hit Quarterback Carl Mangold with a screen pass in the left flat and Mangold out-raced the Royal Blues 69 yards for a touchdown. Arthur Espino's kick for the extra point was blocked and the score was knotted 6-6.

But the Royal Blues came back strong, driving 60 yards for their winning score. Fullback Tommy Pawly, who played a superb ball game, and the speedy Simon, moved the pigskin to the two yard line on nice running plays. Then Halfback Lee Staurns plunged over for the TD. Simon slipped through the line for the extra point and St. Gerard's had a 13-6 victory.

It didn't look like the same Comet team that had previously won four straight this season. Royce Groff, who had scored in 24 consecutive ball games, had his scoring streak broken. However, he was on the throwing end of the Comet touchdown pass play. St. Louis will have to perk up a lot if they wish to repeat as Academic League Champions

this year. The league is much stronger and St. Gerard's isn't going to roll over and play dead for anyone this season!

St. Gerard's Touchdowns: Simon (8 yard run), Staurns (2 yard plunge) P.A.T., Simon (run).
St. Louis Touchdown: Mangold (69 yard pass from Groff).

Family Visits Ancestors Home In Germany

Capt. and Mrs. Warren V. Hastings and children, Sandra and Warren, are rotating to the states in November after being stationed in Germany for four years. They are to be stationed at Whiteman Air Force Base, Mo.

While in Germany the Hastings toured Austria, Italy, Manaco, Switzerland, Spain, England, France, Belgium, Luxembourg, and Berlin.

Mrs. Hastings, a descendent of the Dietrich Kothman family, visited the old Kothman estate in Wedelheim, Germany. Later the visit was returned by the German relatives; this being their first opportunity to be in an American home.

While in Ost Friesland, Germany, the Hastings visited descendants of the Bohmfolk family in Aurich, and saw the canal where Mrs. Hastings great-grandfather had pulled barges by hand. Mrs. Hastings is the daughter of Mrs. Hulda M. Wiemers of SA, who has been with them in Germany since last July.

Barbecue Saturday Night For Hunters

By Mrs. Harrison Wilson

YANCEY — Harrison Wilson, W. S. Garnet, the M. G. Jones and M&M John Harding sponsored a barbecue Saturday night at the Harding home for the Wolf Hunters, their families and friends.

A barbecue supper was served to 120 people from Yancey, Devine and Hondo. M&M W. S. Garnett Jr. and family, Victoria, Mrs. Collard, San Angelo and M&M Campbell of SA also enjoyed the party and supper.

Those who seemed to have the most fun were little Lonnie Wiers, son of the Fielding Wiers, and Mrs. Leo Highsmith of Hondo.

M&M Earl Berry of Kerrville spent Wednesday with M&M J. N. Wilson.

M&M John Forist and baby of Dallas spent last weekend with M&M B. D. Bomba.

Guests of M&M Lucian Ward last weekend were M&M Ross of San Marcos.

M&M Charles Wegner and baby of Austin spent last weekend with Mrs. L. F. Fasel.

Guests of Mrs. L. F. Fasel this weekend were M&M Harvey Meadows and family of San Antonio and M&M Clinton Fasel of Edinburg.

M&M W. S. Garnett Jr. and Nancey, Kathy and Gary of Victoria spent the weekend with the Senior Garnetts and the Armstrongs in Devine.

Last Tuesday night the Wilson Clan gathered at the home of Miss Dora Mae Wilson for a few hours visit with Mrs. Luther Brown and children, Luis, Lynn and Emily. Mrs. Brown, the former Olive McCollum and children left Thursday morning to join Mr. Brown in Miami, Florida, from there they will fly to their home in Montevideo, Uruguay.

The Browns have been in the States for several months with her parents in New York, while there they went to Africa on a "big game" hunt. The tiny Mrs. Brown was wearing a good luck bracelet made from one hair out of the tail of the 14-foot tall elephant she killed.

M&M Milton Fohn, Al and Gail Wilson went to Del Rio last weekend for a visit with the Bro Fohns.

The Yancey six man football team played the B team of the Nueces Canyon school at Barksdoe Friday, the score was a tie, 32-32. They won the game with Knippa last week.

The Yancey P. T. A. is sponsoring a Halloween Carnival and supper Saturday night, Nov. 2, at the school.

They will start serving the chicken supper at 6 p.m. Adult plates 75 cents and children's 50 cents. There will be booths and a program following supper. Everyone invited to attend.

BIRY NEWS

By Mrs. Adolph Hutzler

M&M August Haass entertained their son R. L. with a barbecue dinner at the home of Louis Haass. R. L. has joined the Navy recently.

Mrs. Fimin Bendele and children of SA, visited Sunday afternoon with her parents, M&M Adolph Hutzler and family.

Col and Mrs. George McCollough of SA visited Wednesday evening with M&M Marvin Haass and son and John Hunt. John is staying with his uncle and aunt for the 57-58 school term.

M&M Justin Davis and daughters Diana and Gayle of Austin spent the weekend with their grandmother Mrs. Alice Littleton and other relatives here and at Devine.

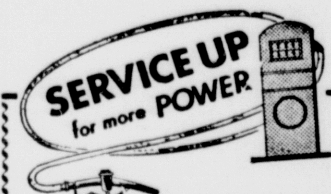

M&M Ham Love, Bobby and Cliff Montgomery of Devine visited Saturday evening with M&M Louis Biry.

M&M Frank Biry and Vincent Haass and son of SA were weekend guests of M&M Randolph Haass.

M&M Charles Miller and family, M&M Ralph Bader of Devine, M&M Amos Hitzfelder and daughters of SA visited with the Ed Bader family during the past week.

M&M Otto Burell and Elmer visited at Quibi last Sunday.

M&M Martin Schmidt visited one day this week with M&M Arthur Conrad and M&M Andrew Poenor.

Horned Toad Tale

Ten year old Sharon Kay Hodges of San Antonio, niece of Mrs. Ruth Rieber of D'Hanis has been making "spending money" since last June by gathering horned toads and selling them to a dealer in California.

Her main source of supply came when she ran a classified ad in the Anvil Herald during the summer offering to buy them for 10 cents each.

Having had such good results before, she again ran an ad in the Anvil Herald last week saying that she needed 200 more, would pay that much for toads again, and that she would pick them up.

All of which goes to show, that even if you want to buy horned toads, of all things, a classified ad is a good way to get results with a small expenditure.

County Has Registered Hybrid Corn

The Texas Department of Agriculture has approved 18 acres of Hybrid corn in Medina County as certified or registered seed, Agriculture Commissioner John White has announced.

The fields were inspected during the 1957 crop year, and approvals were issued on the basis of Texas seed certification standards, White said.

"Purpose of the certification law is to create and make available a source of pure bred field seed," White explained. "This gives the purchaser of planting seed the benefit of an honest and unbiased opinion of the quality of such seed."

Firms or individuals voluntarily apply for inspection of their acreages and must meet all the requirements necessary to registration and certification, the commissioner pointed out. When approved, they are issued registration and-or certification tags to be attached to each container of their seed.

Another time, when returning from Eagle Pass in the early spring of 1867, Mr. Black, of Uvalde, and Angel Torres, of San Antonio, accompanied me as passengers, and Pablo Castro drove the hack. We were all well armed and had plenty of ammunition, but our journey was not interrupted until we reached a point about four miles west of Turkey Creek on the Eagle Pass Road. We were in an open prairie, about four o'clock in the afternoon, when we saw a party of eleven Indians, whose movements indicated that we were in for a fight, and we prepared for trouble.

"Perhaps they thought it would be an easy thing to take our scalps, and they charged toward us, uttering their terrific war-whoops, but their yells only frightened the mules, and Pablo had all he could do to keep them from running away. Black and myself took a position in front of the animals, but Torres stood alone near a crooked mesquite tree, and we waited until we could shoot with accuracy.

"The Indians saw that the mules were frightened, and with the intention of stampeding them they strung out in a circle, about two hundred and fifty yards distant from us, in which they rode singly about fifty yards apart. The movement was one in which they were well trained, because the distances were kept remarkably well. Their actions reminded me of a circus, but I did not look at them with the same sensations of pleasure. The continued series of war-whoops and yells which accompanied their performances failed to make the mules break away before they were well secured, and our uneasiness was removed on that account.

"In the meantime we were not idle, although we found it was impossible to do any effective work at that distance, because the Indians clung to the opposite sides of their horses, out of sight, and the

rapidly moving animals were exposed to an uncertain aim. Finally one of the horses dropped in his tracks, and the dismounted Indian hastened to shelter behind a tree in his vicinity. The range was open before him, and he fired several shots at Torres without effect before that gentleman realized that he was being used as a target, and when a bullet threw bark in his face from a limb that served as a rest for his rifle, he abandoned his exposed position and joined Black and myself in front of the mules.

"The instant the horse fell one of the Indians uttered a peculiar whoop which made Torres think one of them was wounded, but it was explained when they gathered near the animal and proceeded to rescue the Indian. After he was mounted behind one of them they sped away, uttering a series of war-whoops until they disappeared over a neighboring hill.

"The fight only lasted about fifteen minutes, in which time about seventy-five shots were fired, and the only trophy of the battle was a dead horse! The carcass was examined and a hole was found, about two inches below the base of the left ear, where the bullet had entered that caused his death. The investigation decided question with reference to who fired the fatal shot by awarding the honor to Black and his five-shot Colts rifle, because it was evident that the wound was not made by a Henry rifle, the weapon carried by Torres and myself. The only thing left by the owner that might have served as a memorial of our victory was a piece of rope around the beast's neck, and that we did not remove.

"Torres conducted an established business in both Piedras Negras and San Antonio, and it was necessary for him to visit those places frequently, consequently he was often on the road, and generally he traveled with me. When Henry rifles, that chambered eighteen cartridges, were first put on the

market they cost \$95 apiece, and Torres and myself probably owned the first that were brought to Texas. We ordered them through Mr. Hummel, of San Antonio, the father of Charles Hummel, now City Treasurer of said city, who still keeps up the business of Hummel and Son. This was our first opportunity to test them in battle, and perhaps the Indians, who knew nothing about them, were disconcerted by our rapid fire. We were much pleased with them, and although we could not brag on our marksmanship on that occasion, but it was no proof that Mr. Black's rifle was superior because it was the only weapon that drew blood, or that Pablo's Spencer carbine, which he did not have an opportunity to use, was not just as good.

"The Indians that we encountered belonged to the same tribe that killed John Sanders three days before. He resided on the Rio Frio, below the Eagle Pass road, and he was a good friend of mine. They would have made a good haul by capturing my hack, as I had ten thousand dollars in Mexican silver that was consigned to Goldfrank, Frank and Co., wholesale dry-goods merchants in San Antonio.

Mr. Black was afterwards killed by Tom Wall, in Uvalde, and Angel Torres, who was an uncle of Modesto Torres, of San Antonio, is also dead. Pablo Castro afterwards joined a band of cattle thieves and was killed near the Rio Grande.

"On another trip, in the spring of 186, Thomas B. Mc Manus and Sam White, of Eagle Pass, and Herman Schleuning, now in Austin, accompanied me to San Antonio. We proceeded as far as Ranchera Creek, about four miles east of the present site of Sabin station, without meeting with another adventure of any kind. At that point, where we suspected no danger, we were very much surprised, about nine o'clock at night, when a

QUOTES SANTLEBEN ON HIS MAIL CARRYING

party of Indians charged out of the darkness in our direction, which they uttered with the intention of daring our mules, an attack, but, much to our relief, they passed some distance in front of us, and soon disappeared. No shots were fired either side, partly because they were too far away, but really their movements were so rapid there was no chance for a fight and we were very well satisfied to see them go.

"I had another and worse fright when on my way to Eagle Pass, that also occurred in 186. I was traveling alone on that trip, and after changing mules at Chichon station twenty-seven miles east of Eagle Pass, had proceeded about six miles, when I saw a dust rising about two miles away, to the left of the road, beyond a hill that obstructed my view. The time was about two o'clock in the afternoon, and I knew that the cloud of dust was raised by something moving in my direction under cover of the hill. My impression was that they were Indians, and I waited until they appeared on the brow of the naked elevation more than a mile distant. I then saw ten men driving a herd of loose horses and mules, and my fears convinced me that my first impressions were correct.

"I realized the danger of my situation and could see no chance for me to get out of their way. With the determination to defend myself as best I could, I hurried my team to a lone mesquite tree, that stood about one hundred yards from the road, and tied them to it with a heavy rope that I always carried for emergencies. As the mules were skittish when anyone got in front of them, it was necessary to approach them with a great deal of care, and I could ill afford to spare the time it took to secure them. I then prepared to protect myself against the approaching enemy with my Henry rifle and an abundant supply of cartridges.

Tournament Draws Golfers From Four Nearby Cities

The Hondo Women's Golf Association members played hostess to women golfers from Del Rio, Uvalde, Crystal City and Seguin at the Hondo Air Base Course Sunday, Oct. 13.

Mrs. Frank Winslow of Uvalde, oldest of the contestants, shot the low net score and was winner of the tournament. In order to do it however, she had to beat Mrs. Moochie Turk of Seguin golfers on the 22nd hole of a sudden-death play-off.

There were two other ties during the day that required a play-off also. One was between Jo Mitchell, Hondo and Ruth Beasley of Del Rio, the other between Jackie Nations of Del Rio and Virginia Scoville, Del Rio.

TWO ATTORNEYS ATTEND MEETING IN HOUSTON

Miss Anne Davis, local attorney, returned Tuesday from Houston where she attended the Eleventh Annual Meeting of Texas Railroad Attorneys.

Also in attendance from Medina County was Devine attorney, Joe E. Briscoe, who was accompanied by Mrs. Briscoe. In addition to hearing outstanding authorities on railroad legal problems, the visiting attorneys and their guests were entertained with a luncheon, cocktail party and dinner dance at the Shamrock-Hilton Hotel, headquarters for the meeting.

Comets Come From Behind Defeat T.M.I. 20 to 13

By Gerald W. Kempf

CASTROVILLE—The St. Louis Comets, with most of the team suffering from the flu or bad colds, returned to their winning ways Saturday night by downing the determined T.M.I. Panthers 20-13 in a thrilling Academic League contest. The victory gave the Comets a 2-1 league record.

St. Louis had to come from behind twice to take the win as they scored once in each of the first three periods. The Panthers picked up both of their scores in the opening period.

T.M.I., trying desperately for their second league victory, opened the scoring for the night just seven minutes after the opening whistle had sounded by marching 44 yards for a touchdown. Halfback John Barrientes climaxed the drive by blasting over the doublestrikers from one yard out. Quarterback Jim Moore's extra point kick was wide.

The Comets took advantage of a break to chalk up their first score. Tailback Royce Groff punted to the T.M.I. 33 yard line. The Panther Safetyman couldn't hold on to the slippery pigskin and the alert Comet Rightend, Larry Bourquin, pounced on the ball to set up the score. Groff and Fullback Bobby Tschirhart picked up a first down to the 18 yard line. From that point Tschirhart s-amped around right end for the touchdown. Arthur Espino split the uprights with his extra point kick and the Comets jumped into a 7-6 lead with slightly more than 2 minutes left in the first period.

The Comet lead was short-lived, however, as T.M.I. added another touchdown only 2 minutes later.

After taking over on downs the Panthers were penalized back to their own 14 yard line. This didn't see into worry the Panthers as Moore faked beautifully to his Fullback plunging into the line, turned and rifled a long pass to his Rightend John Wright. The latter took the pass over his shoulder and raced all the way for a touchdown. The pass-run play covered 86 yards. Barrientes booted the extra point and T.M.I. led 13-7.

The Comets were not to be denied, however, as they bounced right back. Tschirhart took the T.M.I. kickoff on the Comet 10 yard line, and using his blockers to the best advantage, he raced 89 yards before finally being pulled down from behind on the Panther one yard line. On the first play of the second period Groff ripped over for the tally. Espino again successfully converted, giving the Comets a 14-13 lead.

The Comets added some insurance points after cashing in on another Panther fumble early in the third period. Bourquin again recovered a fumble following a Comet punt, this time on the T.M.I. nine yard line. Two plays later Groff bulled his way over from four yards out. On the try for extra point, the snap from the center was fumbled giving Espino no chance to kick, but the Comets had won the ball game 20-13.

Three fumbles hurt the Panthers as twice they led to Comet scores. T.M.I. led the Comets in the ground gaining departments, but the Comet defense got tough, especially in the second half, and held when the Panthers would

near the goal line. Groff and Tschirhart ran the ball exceptionally well for the Comets behind some good blocking by the line-men, while Linebacker Jimmy Jungman, End Larry Bourquin, and Lineman Brice Tondre led the Comet defense.

Saturday night, October 26, the Peacock Kadets will invade St. Louis in another Academic League game at Wildcat Field in Castroville. Game time will be 8:00 p.m. and we hope that the entire Comet team, including Coach Harold Keller, can shake the flu bug by that time.
